Schedule of Events Friday, June 9, 2017

6:30a.m.  5K Sign-in & Late Registration

7:00a.m.  Chairman’s 5K Challenge Fun Run & Walk

Research Symposium
8:30a.m.  Breakfast Buffet

Welcome
9:00a.m.  Mark K. Wax, M.D., F.A.C.S., F.R.C.S. (C)
          Program Director, Department of Otolaryngology-Head and Neck Surgery

9:05a.m.  John G. Hunter, M.D., F.A.C.S., F.R.C.S. Edin (Hon)
          Interim Dean, OHSU School of Medicine

9:10a.m.  Paul W. Flint, M.D., F.A.C.S.
          Chairman, Department of Otolaryngology-Head and Neck Surgery

9:15a.m.  Alfred L. Nuttall, Ph.D.
          Director, Oregon Hearing Research Center, Vice Chair for Research, Department of
          Otolaryngology-Head and Neck Surgery

9:20a.m.  Philip Zald, M.D.
          President, Oregon Academy of Otolaryngology-Head and Neck Surgery

Judges
Philip Zald, M.D.  Paul Flint, M.D., F.A.C.S.
Mark Wax, M.D., F.A.C.S., F.R.C.S.(C)  David Brown, M.D.
Joshua Schindler, M.D.

Scientific Presentations
MODERATOR: Kara Detwiller, M.D.

9:30a.m.  Keith Chadwick, M.D.
          Voice Outcomes in Patients with Zenker's Diverticula

9:50a.m.  Lauren Moneta, M.D.
          Pre-operative Free Flap Imaging

10:10a.m. Elizabeth Schimmel, M.D.
          Outcomes of Pediatric Endoscopic Ear Surgery

10:30a.m. Deniz Gerecci, M.D.
          Patient Reported Nasal Obstruction after Septorhinoplasty: How Long Should we Follow the Scores?

10:50a.m. Naseed Chowdhury, M.D.
          Beyond the Lund Mackay Score: What Radiographic Disease Burden Tells Us About Outcomes of Chronic Rhinosinusitis

11:10a.m. Savannah Gelesko Weedman, D.D.S., M.D.
          Microvascular

11:30a.m. Resident Quality Improvement Projects

12:15p.m. LUNCH

MODERATOR: Paul Flint, M.D., F.A.C.S.

1:00p.m.  The Alexander Schleuning Foundation Honored Guest Faculty Lecturer- David Brown M.D. from University of Michigan- Michigan Medicine

MODERATOR: Ryan Li, M.D.

1:50p.m.  Justin Holt, M.D.
          Oral Microbiome in Oral Cancer

2:10p.m.  Tyler Weaver, M.D.
          The Effect of Hearing Aids and Cochlear Implants on Balance during Gait

2:30p.m.  Casey Means, M.D.
          Characterizing the Immune Microenvironment of Papillary Thyroid Cancer

MODERATOR: Maisie Shindo, M.D.

2:50p.m.  Virginie Achim, M.D.
          Sarcopenia is an Independent Negative Prognostic Indicator for Wound Complication after Total Laryngectomy

3:10p.m.  Nicole Fulton, M.A., C.F.-S.L.P.
          The Association between Paradoxical Vocal Fold Motion (PVFM) and Dysphonia in Adolescents

3:30p.m.  Skipp Thomsen, M.S., C.F.-S.L.P.
          The Feasibility and Efficacy of Expiratory Muscle Strength Training (EMST) after Supracricoid Partial Laryngectomy: A Pilot Study

3:50p.m.  Faisal Ahmad, M.D.
          Sudden Sensorineural Hearing Loss Outcomes: Effects of Treatment Timing and Hearing Loss Severity

4:10pm  Edward El Rassi, M.D.
          Comparing Outcomes in Minimally Invasive Parathyroid Surgery Using Local Anesthesia with Sedation versus General Endotracheal Anesthesia

4:30p.m.  ADJOURNMENT
Accreditation
Oregon Health & Science University School of Medicine is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

Credit
OHSU School of Medicine designates this live activity for a maximum of 5.0 A.M.A PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Learning Objectives
The learning outcomes will be specified by each lecturer based on their presentation. Objectives will be explicit and related to each research project. The department has instituted a learning management program that allows trainee’s to evaluate their learning plan based on a year long program. The results and impact on the learning environment will be presented and allow for future planning of life long learning objectives. Upon completion of this session, participants will be able to disseminate new medical knowledge, improve patient safety and facilitate patient centered care as well as translate research into effective healthcare delivery.

Target Audience
Specialty physicians, fellows, residents, researchers, physician assistants, and nurse practitioners from the United States that are interested or involved in the field of otolaryngology-head and neck surgery. This event is also open to the general public.
