

# OHSU Research Cores and Shared Resources

## Medicinal Chemistry Core

OHSU's cores are your campus technology partners dedicated to the success of your project. For optimal results, take advantage of the state-of-the-art scientific resources within the OHSU community.

**We provide medicinal chemistry, chemical biology, and computational expertise to facilitate biologically oriented innovation.**

### Mission Statement

The mission of the Medicinal Chemistry Core is to help researchers investigate the interactions between small molecules and biological systems by providing medicinal chemistry and chemical biology expertise and organic synthesis and computational chemistry support.

### Services

**Custom Organic Synthesis**  
Organic synthesis

**Custom Chemical Biology**  
Design experiments

**Medicinal Chemistry**  
Design and implement

**Large Scale Synthesis**  
Scale up

**Computational Chemistry**  
The core

### Services Continued

### Can We Help You?

We accept samples delivered in person or mailed to us. Please visit our web site or contact us for any additional information.
