

## **Paths to Leadership 2024**

**Learn to lead through choosing a project that reflects the meaningful difference you want to make and setting the wheels into motion, all while practicing core leadership skills that will serve you in future projects.**

**Paths to Leadership** invites OHSU faculty to **reconnect with your professional purpose** and **clearly articulate the meaningful difference you wish to make**, whether caring for patients, influencing the next generation of learners and/or generating new knowledge about human health and health care.

Participants learn to **exercise leadership within your current role** by partnering with key stakeholders whose support is needed to move your vision forward, while **appreciating senior leaders' priorities in a new light**.

Past participants report a sense of **increased personal meaning and joy** as well as **deeper engagement with OHSU and its important missions**.

### **How does OHSU benefit?**

- Improving our leadership and management capacity
- Leveraging participants' experience and passion in order to improve OHSU's mission areas.
- Promoting a learning organization culture
- Developing and sustaining champions for change

## **An OHSU School of Medicine Leadership Development Offering**

**Paths to Leadership** weaves together curated readings and videos, in-class conversations with guest leaders from across OHSU and fellow participants, and structured weekly practice sessions both in and outside of class to build the following leadership mindsets:
